#### MARKING OF IMPORTED GOODS

The Governor-in-Council may from time to time order imported goods to be marked so as to indicate the country of origin.

Under this provision, the following classes of goods imported into Canada, shall be thus marked or labelled in legible English or French words, and such markings shall be as nearly indelible or permanent as possible. viz:—

Printed or lithographed matter of all kinds, including books and pictures.

"The containers, labels, stickers or wrappers, described on this entry are imported bona fide by the undersigned to contain or to be attached to goods for export, and will be exported with such goods."

Imported containers, labels or wrappers, printed or lithographed, intended to be filled with or used upon domestic products may be marked in such a manner as to indicate the origin of the goods in their condition as imported, for example: "Label printed by John Jones, New York," thereby avoiding an improper imputation of origin in respect of the Canadian manufactured goods with which such imported containers, labels or wrappers are used.

The indication on pencils must not be within one inch of an end which is or may be pointed.

The exportation of deer in the carcass or parts thereof, being the property of a provincial government, may be permitted without the declaration provided in Section 4 hereof upon the Collector of National Revenue or other officer of Customs being furnished with a certificate signed by a duly authorized officer of the provincial government concerned to the effect that the deer or parts thereof proposed to be exported are the property of the provincial government.

When arrangements have been made to deliver goods on this basis, the importer must present his invoice to the proper Customs Officer at the point of arrival, for checking purposes, and must be sure entry is made within the seventy-two hour period, otherwise the arrangement may be cancelled and the deposit seized. Perishable goods are considered to be fruits, vegetables, fish and such like goods that are subject to decay. Similar arrangements can be made for the delivery of newspapers and periodicals.

It will then be up to the railway to produce a short landing certificate from the ocean carriers if the goods are from overseas, or a proof that the goods were lost or destroyed beyond the confines of Canada. When this proof is produced it must be attached to the refund claim.

**Samples, Travellers'—**(1) Imported samples (not Canadian produce or manufacture) such as are carried by commercial travellers intended solely for use in taking orders for similar merchandise and not for sale, together with the trunks and other packages containing same (except when of "no commercial value") are subject to ordinary duty and taxes at each time of importation, but not to special duty in addition thereto; provided, however, that the trunks in which samples are contained may be admitted free after payment of duty and taxes on first importation, if identified to the satisfaction of the Customs Officer.

- (2) Commercial travellers are required to deliver to the Customs Officer for entry purposes a properly certified invoice or a statement in detail, showing the price (wholesale) of each sample as sold for home consumption.
- (3) Cards, portfolios, pasteboard boxes or other coverings containing articles obviously for use only as samples to sell by and having no commercial value, may be admitted free of duty and taxes.

**Special Regulations Respecting Samples from British Countries and from Most Favoured Nation Countries.**

When such commercial travellers' samples are imported temporarily direct by non-residents of Canada from any British country or from any country entitled to most favoured nation treatment in tariff matters by Canada, they may be admitted upon deposit of a sum equivalent to the duty and taxes thereon, such deposit to be subject to refund on the exportation of samples under Customs supervision within twelve months from the date of Customs entry. The importer shall make and subscribe to a declaration on the face of the temporary entry that the goods described therein are bona fide samples for use only in taking orders for merchandise and are to be exported within twelve months.

When the samples are marked by a Customs Officer for identification and the temporary entry duly completed, the Collector may issue his permission for the release of the samples upon receiving the required deposit from the importer.

If all of the samples are not exported a deduction shall be made from the deposit equivalent to the duty and taxes payable on the samples not exported.

Samples admitted to temporary entry on deposit under the special regulations respecting samples from British and Most Favoured Nation Countries may be taken to the United States by the traveller and returned to Canada merely upon report at Customs at any time within twelve months from the date of the temporary entry. On their return the samples may be admitted without entry if, upon being

## CUSTOMS PROCEDURE, ETC.

### EXPORTING TO THE UNITED STATES

The customs laws of the United States, governing the importation of goods, very materially differ from ours. They have no such thing as the manifesting system such as we have, and all merchandise is supposed to be entered at the first port of arrival. However, they have ports termed I.T. Ports (immediate transport ports) to which goods may be forwarded in bond, without appraisement at the frontier port. In this case the goods must be carefully marked "Forwarded in Bond."

Merchandise, in order to be entered under Immediate Transportation, without appraisement at the frontier, must be destined to a designated immediate transportation port, and must be billed via a port at which merchandise may be entered for transportation to another port without appraisement.

These ports through which goods must be billed and to which they must be consigned may be learned from the transportation company as the lists are too extensive to be given space here.

If goods are destined for a foreign country they are entirely under Transportation and Exportation entry in bond, in transit, for exportation from the seaboard port.

### EXPORTING TO OTHER COUNTRIES

Exporters requiring information regarding invoice forms and Customs Regulations of other countries, applying to goods exported from Canada, should write to Department of Trade and Commerce, Ottawa.

### GIFTS TO THOSE ON ACTIVE SERVICE

To be exported as gifts, addressed to members of the armed forces of the British Empire or their Allies, do not require a permit to export.

### GOODS TO BE RETURNED TO THE U.S.

Merchants finding it necessary to return goods not according to order and wishing to obtain refund of duty will be required to make out four different forms to accompany the way bill when goods are shipped back. If shipment is over \$100.00 the forms are as follow:

1. "Foreign Owner's Oath" or "Oath of American Manufacture."
2. American Consular Certificate.
3. Export papers in triplicate.
4. One certified copy of Customs Incoming Manifest.

Where shipment is under \$100.00 the American Consular Certificate and Incoming Manifest are not required.

The intending consignee must send to the U.S. shipper for an affidavit on a prescribed form, mentioned above as the Oath of American Manufacture, declaring the goods to be of United States origin or manufacture, in order that the goods when returned may pass the U.S. Customs without duty.

When this affidavit is received it must be attached to the way bill by the transportation agent here and forwarded along with the goods. This will enable the United States Customs Officer at the frontier to recognize the goods as home manufacture and have them forwarded on to destination without duty. The original U.S. shipper may secure these forms at his Customs, but a better way is for the intending consignee to secure a copy from the local express agent here and forward same to the U.S. firm with all necessary explanation as to line of procedure and thus avoid possible delay.

The American Consular Certificate forms must be

obtained from the nearest American Consul, who will send blank forms in triplicate. These must be filled in as required and returned to the American Consul with his fee, when he will return one copy to the intending consignee, who will attach same to way bill with other documents mentioned.

Export entry, procurable from Customs Department, must be made out by consignee in triplicate and attached to way bill together with the Foreign Owner's Oath, Consular Certificate and Incoming Manifest. One copy will remain on file at the port of exit, the second copy goes to the Customs Department and the third copy will be returned by the Customs officer at the Canadian port of exit to the merchant who returned the goods. He will then attach it to the refund of duty claim along with a copy of the way bill as a guarantee that the goods have been returned.

Goods must be in Customs custody within 12 months of date of importation.

### CURRENCY CERTIFICATE OF INVOICE

Importers should, when ordering goods from Britain or any foreign country, instruct the exporter or salesman to always give the value of the goods in the home consumption column of the invoice and to show the same in the currency of the country of export.

Internal taxes should be definitely stated.

The exporter should also be very carefully instructed to place on the invoice the currency certificate.

### GOODS SHORT LANDED

In the case of goods duty paid and short received, delivery of same upon subsequent arrival can be obtained, without payment of duty anew, only when the following regulations are observed:—

(a) Notice of the short receipt of goods must be given to the collector in writing within thirty days of entry.

(b) If the goods have been omitted from the shipment, a declaration to that effect must be produced from the exporter.

(c) If a portion of the consignment has been delayed in transit by the carriers, a declaration to this effect will be required from the latter.

(d) No portion of a consignment of goods, duty-paid, in respect of which a short shipment occurs, is to be disposed of by the importer until the appraiser has had an opportunity of checking over the goods.

### SETTLERS' EFFECTS ENTRY

Settlers' effects are admitted duty free, if actually owned abroad by the settler for at least six months before his removal to Canada, and subject to regulations prescribed by the Minister.

Provided that any dutiable article entered as settlers' effects may not be so entered unless brought by the settler on his first arrival, and shall not be sold or otherwise disposed of without payment of duty until after twelve months' actual use in Canada.

Settlers' effects, viz:—Machines and implements for agricultural purposes, moved by mechanical power, and motor vehicles valued at not more than \$2500 and boats for fishing purposes, if actually owned abroad by the settler for at least six months before his removal to Canada, are free subject to regulations prescribed by the Minister of National Revenue.

Provided that in respect to motor vehicles valued in excess of \$2500 duty shall be payable only on the amount in excess of \$2500.

Provided further that the said machines, vehicles, implements and boats may not be so entered unless brought by the settler on his first arrival, and shall not be sold or otherwise disposed of without payment of duty until after twelve months' actual use in Canada.

#### TEMPORARY ENTRY OF AUTOMOBILE AND PERSONAL BAGGAGE OF NON-RESIDENTS

1. These Regulations may be cited as the Non-Residents' Automobile and Baggage Regulations.
2. In these Regulations,
  - (a) "non-resident" means a person who makes his home and is ordinarily present in a place outside Canada;
  - (b) "automobile" includes a motorcycle, motor-bicycle, motor scooter and any other motor vehicle ordinarily used to carry passengers and any trailer attached thereto, but does not include a motor bus, taxicab or other vehicle operated in the business of carrying passengers for compensation; and
  - (c) "personal baggage" means the articles mentioned in the Schedule hereto that accompany a non-resident and are solely for his personal use.

#### IMPORTATION OF AUTOMOBILES

3. (1) Every non-resident wishing to enter an automobile into Canada free of duty and taxes shall apply to a Collector at the frontier port of entry for a Traveller's Vehicle Permit for the automobile.
- (2) Where the applicant satisfies the Collector
  - (a) that he is a non-resident of Canada,
  - (b) that he is the owner of the automobile, a member of the owner's immediate family, or has the owner's authority to use the automobile, and
  - (c) that the automobile will be used solely by the applicant or his passengers and will not be used to transport persons or goods for hire or reward or to transport goods for sale,

the Collector shall issue a Traveller's Vehicle Permit (form E.50) to the applicant.

- (3) Subject to subsection (4), a Travellers' Vehicle Permit shall be valid for a period not exceeding six months from date of issuance.

(4) In the case of a non-resident who is in Canada solely for health or pleasure purposes, a Collector may renew a Traveller's Vehicle Permit for a further period not exceeding six months, and the Deputy Minister may direct that the permit be further renewed for such period and upon such terms and conditions as he sees fit.

4. Where an automobile is to be exported from Canada, within 48 hours of its importation, and through the same Customs port at which it was imported, the Collector may, instead of issuing a Traveller's Vehicle Permit, accept the registration card for the automobile and keep the same until the automobile is exported.

5. (1) An automobile equipped with a two-way radio or mobile telephone may be imported into Canada if

- (a) the driver produces to the Collector a permit to use the radio or telephone in Canada issued by the Director of Telecommunications, Department of Transport, Ottawa, or
- (b) the radio or telephone is placed under Customs seal so that it may not be used.

(2) Where a two-way radio or mobile telephone is placed under seal, the seal shall not be removed until the automobile is exported.

(3) Where an automobile has a two-way radio or mobile telephone, the Collector shall endorse the permit accordingly.

6.
